

Sami Ullah

DATA ANALYST

Rawalpindi,Punjab,Pakistan | +92 3007558092 | sk2579784@gmail.com | [Linkedin](#) | [Github](#)

SUMMARY

Detail-oriented Information Technology graduate with hands-on experience in SQL, Microsoft Excel, and data analysis. Skilled in data cleaning, dashboard development, KPI reporting, and transforming raw data into actionable insights. Experienced in data management and customer service with strong analytical, problem-solving, and communication skills. Seeking an entry-level Data Analyst role to support data-driven business decisions.

EDUCATION

Bachelor of Science in Information Technology Government College University Faisalabad(GCUF)	(2020-2024) Pakistan
Intermediate in Computer Science (ICS) Gabriel College, Mandi Bahauddin	(2018-2020) Pakistan

TECHNICAL SKILLS

- **Data Analysis:** Data Cleaning, Data Transformation, Data Validation, Exploratory Data Analysis (EDA), KPI Reporting, Business Reporting, Data Visualization
- **Power BI:** Power BI Desktop, DAX, Power Query, Data Modeling, Star Schema, Relationships, Measures, Calculated Columns, KPIs, Interactive Dashboards, Slicers, Drill-Down, Time Intelligence
- **SQL & Database:** PostgreSQL, SELECT, WHERE, GROUP BY, ORDER BY, HAVING, JOINS, Aggregate Functions, Subqueries, Common Table Expressions (CTEs), Window Functions, CASE Statements, COALESCE
- **Microsoft Excel:** Pivot Tables, Pivot Charts, XLOOKUP, VLOOKUP, INDEX-MATCH, IF, SUMIFS, COUNTIFS, Conditional Formatting, Charts, Dashboards, Slicers
- **Programming:** Python (Pandas, NumPy)
- **Tools:** Microsoft Excel, PostgreSQL, Git, GitHub
- **Soft Skills:** Analytical Thinking, Problem Solving, Communication, Attention to Detail, Teamwork, Time Management.

PROFESSIONAL EXPERIENCE

Customer Service Representative

Call Center
1.6 Years of Experience

- Managed customer records and maintained accurate data entries in company systems.
- Updated and verified customer information to ensure data accuracy.
- Documented customer interactions, complaints, and resolutions.
- Analyzed customer issues and provided effective solutions.
- Maintained reports and followed quality documentation procedures.
- Developed strong communication, problem-solving, and time management skills in a fast-paced environment.

Data Entry Operator

Travel Agency

- Entered and maintained customer booking information and digital records.
- Verified data accuracy, corrected inconsistencies, and maintained data quality.
- Managed large datasets while maintaining confidentiality.
- Improved data organization through proper record management.

PROJECTS

Retail Analytics Dashboard Suite | Power BI, DAX, Power Query

- Built a 5-dashboard Power BI suite analyzing retail operations across the USA, Canada, and Mexico — Sales Performance, Customer Analytics, Product Performance, Return Analysis, and Store & Regional Performance.
- Designed a star-schema data model from 6 relational tables and developed DAX measures for profit margin, return rate, and time-intelligence trends.
- Built interactive dashboards with slicers for country, date, product, and brand to support drill-down analysis.
- Identified that a small group of products/brands accounted for a disproportionate share of returns, surfacing an actionable insight for product quality review.

Skills: Power BI, DAX, Power Query, Data Modeling, KPI Reporting, Data Visualization, Business Analysis

Superstore Sales Dashboard | Microsoft Excel

- Built an interactive sales dashboard using the Kaggle Superstore dataset.
- Cleaned and transformed raw data to improve reporting accuracy.
- Created Pivot Tables, Pivot Charts, and slicers for dynamic analysis.
- Developed KPIs including Total Sales, Total Customers, and Average Delivery Days.
- Analyzed sales trends by region, category, customer segment, and shipping mode.
- Designed a dashboard to support business reporting and decision-making.

Skills: Microsoft Excel, Pivot Tables, Pivot Charts, Dashboard Development, Data Cleaning, KPI Reporting, Data Visualization

Online Book Store Sales Analysis | PostgreSQL

- Designed a relational database for an Online Book Store using PostgreSQL.
- Created normalized Books, Customers, and Orders tables with primary and foreign key relationships.
- Developed 20+ SQL queries to analyze sales, revenue, customers, and inventory.
- Applied JOINS, GROUP BY, HAVING, Subqueries, CTEs, Window Functions, CASE, and COALESCE.
- Generated insights including top-selling books, customer spending, genre sales, and inventory status.

Skills: PostgreSQL, SQL, Relational Database Design, Data Analysis, Business Reporting
